1. GRANT FUNDING

Fill in the table with your expenditures. You must keep all itemized receipts associated with this budget. Campuses must provide matching funds of at least 25% of the original budget amount. Matching funds may be in-kind. If expenditure was an in-kind match, please indicate so next to the dollar amount.

Budget Item	Explanation	Anticipated Expenditures	Actual Expenditures	Type of Documentation
<i>EXAMPLE: Test Tubes</i>	<i>For gathering water samples</i>	<i>\$250</i>	<i>\$246.50</i>	<i>Receipts</i>
Enter totals for expenditures →				

2. OUTCOMES

- How many courses embedded with environmental or STEM community projects were delivered? _____
- How many college students were enrolled in the courses? _____
- How many community partner(s) were connected to the community projects/courses? _____
- Please list the names of your community partners:

3. Narrative (4 page max)

- a) Provide a brief description of each completed course, including:
 - i. Describe the community projects in which the students participated, including a description of the student led presentations or initiatives.
 - ii. Please provide an assessment of how you feel the courses prepared students to address critical issues such as environmental stewardship or STEM partnerships.
 - iii. Highlight the major outcomes, successes, and challenges
 - iv. Will the courses continue to be delivered with an environmental or STEM community project in the future?
- b) Please address every item from your original campus action plan:
 - i. Was the action carried out as planned?
 - ii. What went well? What did not?
 - iii. If an action was not completed, please explain.
- c) How has your campus, students, and community been positively impacted by this sub-grant project?
- d) How do you plan to build upon these efforts in the future? Is there anything you will adapt to make the impact on students/your institution/community partners/STEM partnerships even greater moving forward?

4. Documentation

Please attach copies of the following:

- a) **In-kind documentation (with backup from your institutions accounting department).** When documenting in-kind donations, please be clear about who the donor is (for example, time spent developing a course would be donated by your institution).
- b) **Course Syllabi and Tangible Products-** Please attach the final syllabi for each course delivered, as well as an example of at least one project from each course. Be sure to reference the national Campus Compact *Rubric for Syllabi Construction* in order for each syllabus to be considered for posting in the national database. The rubric can be found at www.mainecompact.org/cesdocs.php
